

HOUSE BILL NO. 2

INTRODUCED BY J. WITT

A BILL FOR AN ACT ENTITLED: "AN ACT APPROPRIATING MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 2007; AND PROVIDING AN EFFECTIVE DATE."

(Refer to Introduced Bill)

Strike everything after the enacting clause and insert:

NEW SECTION. **Section 1. Short title.** [This act] may be cited as "The General Appropriations Act of 2005".

NEW SECTION. **Section 2. First level expenditures.** The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level expenditures and funding for the 2007 biennium, are adopted as legislative intent.

NEW SECTION. **Section 3. Severability.** If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, the decision does not affect the validity of the remaining portions of [this act].

NEW SECTION. **Section 4. Appropriation control.** An appropriation item designated as "Biennial" may be spent in either year of the biennium. An appropriation item designated "Restricted" may be used during the biennium only for the purpose designated by its title and as presented to the legislature. The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for any item designated as "Biennial", "Restricted", "One Time Only", or "OTO". The office of budget and program planning shall establish at least one appropriation on the statewide accounting, budgeting, and human resource system for any appropriation that appears as a separate line item in [this act].

NEW SECTION. **Section 5. Program definition.** As used in [this act], "program" has the same meaning as defined in 17-7-102, is consistent with the management and accountability structure established on the statewide accounting, budgeting, and human resource system, and is identified as a major subdivision of an agency ordinaly numbered with an arabic numeral.

NEW SECTION. **Section 6. Personal services funding -- 2009 biennium.** (1) Except as provided in subsection (2), present law and new proposal funding budget requests for the 2009 biennium submitted under Title 17, chapter 7, part 1, by each executive, judicial, and legislative branch agency must include funding of first level personal services

1 separate from funding of other expenditures. The funding of first level personal services by accounting entity or equivalent for each fiscal year must be shown at the fourth reporting
2 level or equivalent in the budget request for the 2009 biennium submitted by October 30 to the legislative fiscal analyst by the office of budget and program planning.

3 (2) The provisions of subsection (1) do not apply to the Montana university system.

4 NEW SECTION. **Section 7. Totals not appropriations.** The totals shown in [this act] are for informational purposes only and are not appropriations.

5 NEW SECTION. **Section 8. Effective date.** [This act] is effective July 1, 2005.

Any funds remaining, up to \$1,400,000, from the appropriation authorized in section 12(1), Chapter 597, Laws of 2003, are reappropriated to the department for the 2007 biennium for the stated purpose.

Liquor division proprietary funds necessary to maintain adequate inventories, pay freight charges, and transfer profit and taxes to appropriate accounts are appropriated from the liquor enterprise fund (06005) to the department in amounts not to exceed \$78,766,985 in fiscal year 2006 and \$83,497,337 in fiscal year 2007.

In the event that the department is unable to meet statutory service levels because of the increase in demand for liquor products, the department may hire additional temporary employees or pay overtime, whichever is determined to be the more cost-effective, to maintain required service levels to stores. In fiscal year 2006 and in fiscal year 2007, the department is appropriated not more than \$40,000 each year for additional costs from the liquor enterprise fund (06005) to meet the service level requirements.

In the liquor division, upon a termination that requires a payout of accrued leave balances, liquor division proprietary funds are appropriated from the liquor enterprise fund (06005) to the department in the amount equal to the payout of the accrued leave balances, not to exceed \$30,000 for each of fiscal years 2006 and 2007.

Funds are not appropriated or otherwise made available to the department to support continuation of individual income tax debt collection contracts entered into before July 1, 2005.

FUNDING IN TAX COMPLIANCE STAFF MAY BE USED ONLY FOR PERSONAL SERVICES AND OPERATING COSTS FOR ADDITIONAL TAX AUDIT STAFF, INCLUDING SUPPORT AND LEGAL STAFF.

These appropriations have been made as requested by the department in either the operating category of expenditure or the grants category of expenditure. The department is directed to work with the department of administration, the legislative branch, and the office of budget and program planning to help establish accounting guidance that allows the executive branch to more consistently and uniformly account for appropriations that provide direct and indirect benefits to persons. The department and department of administration shall report to the legislative finance committee and members of the 2005 legislative joint appropriations subcommittee on health and human services by September 1, 2005, and every 6 months thereafter until completion of the project.

~~(3) (2)~~ achievement or incentive awards;

~~(4) (3)~~ accelerated employment services or diversionary projects; or

~~(5) (4)~~ after school programs.

This restriction has been adopted by the legislature in an effort to make funds available to support an increase in the TANF cash assistance benefit level. It is the priority of the legislature to fund increases in the TANF cash assistance benefit level rather than funding items such as those listed above.

The department shall report at each meeting of the children, families, health, and human services interim committee:

(1) the actual amount expended and items supported by TANF block grant money in the current biennium;

(2) the actual amount expended and items supported by TANF maintenance of effort funds in the current biennium;

Montana has been the subject of such a review, with findings contained in the final federal report dated December 2002, was found not in compliance with all elements of the review, and has entered into a performance improvement plan that received federal approval in January 2004. Department staff presented testimony to the 2005 legislative joint appropriations subcommittee on health and human services that they anticipated that it may not be possible to achieve the level of compliance necessary to avoid federal penalties when the followup review is completed. The executive budget did not request additional funding to achieve compliance with the federal review or to pay penalties that may be imposed by the federal agency for noncompliance.~~

fund money and funding for Direct-Care Worker Wage Increase is reduced by \$1,200,000 in state special revenue and increased by \$1,200,000 in general fund money.

The appropriations for Children's Mental Health Rate Increase and Direct-Care Worker Wage Increase must be used for direct-care worker wage increases. The department shall provide documentation showing that these funds are used solely for direct-care worker wage increases. The documentation must include initial wage rates, wage rates after the rate increases have been applied, and wage rates every 6 months after the rate increases have been granted. The legislature intends that direct-care salaries be raised 75 cents an hour and that benefits be raised 26 cents an hour. If the appropriation is insufficient to cover the full amount of intended increases, the lowest paid direct-care worker wage rates must be increased first. The department may also apply funds approved by the legislature to provide a 6% rate increase for children's mental health providers in fiscal year 2006 if funds for Children's Mental Health Rate Increase are insufficient to raise direct-care worker wage rates by the intended amount. The department shall prepare a report summarizing initial direct-care wages paid by July 1, 2005, for the members of the 2005 legislative joint appropriations subcommittee on health and human services, and shall report again by July 1, 2006, and January 1, 2007, showing direct-care wages paid at those points in time. THE DIRECT-CARE WAGE INCREASE FOR CHILDREN'S MENTAL HEALTH RATE INCREASE MUST BE IMPLEMENTED NO LATER THAN OCTOBER 1, 2005.

The appropriation for Additional Medicaid Management Staff may be used only for staff and operating costs. The funds may be used only to expand the team care program and for staff and operating costs for the physician, hospital, pharmacy, and passport medicaid programs. The department shall prepare a report explaining the results of these expansions and projects by ~~July 1, 2006, for the members of the 2005 legislative joint appropriations subcommittee on health and human services.~~ SEPTEMBER 1, 2006, FOR THE LEGISLATIVE FINANCE COMMITTEE.

The appropriation for the Senior and Long-Term Care Division includes funds to address the difficulty in recruitment and retention of direct care staff at the Montana veterans' home. The legislature directs the department to aggressively pursue options to resolve the problem of recruitment and retention of staff for the Montana veterans' home, including consideration of such options as moving to pay plan 20, innovative education plans to promote advancement of staff, and partnership with the university system to provide local education opportunities for direct care staff. The department shall present its plan to resolve this issue to the legislative finance committee by September 1, 2005, with a followup report on progress toward resolution of the problem of recruitment and retention of direct care staff for the Montana veterans' home by September 1, 2006.

The Montana Veterans' Home Contingency Fund appropriation may be established subject to a determination by the office of budget and program planning that federal and private revenue available from federal special revenue and private payment state special revenue appropriations in fiscal year 2006 or fiscal year 2007 are insufficient to operate the homes at capacity to maximize collection of federal and private payments. The office of budget and program planning shall notify the legislative finance committee if it determines that the conditions are met and when the appropriation becomes effective.

Items designated as OCHE Administration (01), Student Assistance (02), Improving Teacher Quality (formerly Dwight D. Eisenhower) (03), Talent Search (06), C.D. Perkins (Workforce development) (08), Appropriation Distribution (Educational units) (09), [excluding Agriculture Experiment Station, Extension Service, Forest and Conservation Experiment Station, Bureau of Mines and Geology, Bureau Ground Water Program, Fire Services Training School, AND Institute for Biobased Products and Food Science @ AES, and New Extension Agent for Meagher County] Guaranteed Student Loan (12), and the Board of Regents (13) are a single biennial lump-sum appropriation.

General fund money and state and federal special revenue funds appropriated to the board of regents are included in all commissioner of higher education programs. All other public funds received by units of the Montana university system (other than plant funds appropriated in House Bill No. 5, relating to long-range building) are appropriated to the board of regents and may be expended under the provisions of 17-7-138(2). The board of regents shall allocate the appropriations to individual university system units, as defined in 17-7-102(13), according to board policy.

In addition to the requirements in 17-1-102(4), all university system units, except the office of the commissioner of higher education, shall account for expenditures consistently within programs and funds across all units and shall use the standards of accounting and reporting, as described by the national association of college and university business officers, as a minimum for achieving consistency.

The Montana university system, except the office of the commissioner of higher education and the community colleges, shall provide the office of budget and program planning and the legislative fiscal division banner access to the entire university system's banner information system, except for information pertaining to individual students or individual employees that is protected by Article II, sections 9 and 10, of the Montana constitution, 20-25-515, or the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g. The Montana university system shall provide the electronic data required for entering human resource data for the current unrestricted operating funds into the Montana Budgeting and Reporting System (MBARS). The salary and benefit data provided must reflect approved board of regents operating budgets.

The legislature encourages the Montana university system/commissioner of higher education to explore and establish partnerships with the department of public health and human services, including the temporary assistance for needy families (TANF) program, to ensure access to quality postsecondary education and training opportunities for families in Montana who would benefit from such training to help them move toward economic self-sufficiency. The Montana university system/commissioner of higher education shall submit a report to the next legislature, by January 1, 2007, addressing what these strategies were and the results of these partnership efforts.

The Montana university system shall prepare a plan for implementation of Indian education for all Montanans within the educational units of the university system and present this plan to the appropriate interim committee by July 31, 2006.

~~Total audit costs for the office of the commissioner of higher education are estimated to be \$47,337.~~

Potential Rent Increase funding is restricted for expenditure only in the event of a relocation and only if a rent increase actually occurs and may be used only for increased rent and/or relocation and moving costs.

~~Need-Based Student Aid and the Best and Brightest Scholarship Program are~~ GOVERNOR'S POSTSECONDARY SCHOLARSHIP PROGRAM IS contingent upon passage and approval of House Bill No. 435. ~~If House Bill No. 435 is not passed and approved, these funds must be reallocated to another student assistance financial aid program administered by the office of the commissioner of higher education.~~

The budget amount for each full-time equivalent student at the community colleges, including Summitnet, is \$5,203 each year of the 2007 biennium. The general fund appropriation for OCHE -- Community College Assistance provides 53% of the budget amount for each full-time equivalent student each year of the 2007 biennium. The remaining 47% of the budget amount for each full-time equivalent student must be paid from funds other than those appropriated for OCHE -- Community College Assistance.

The general fund appropriation for OCHE -- Community College Assistance is calculated to fund education in the community colleges for an estimated 2,631 resident FTE students in fiscal year 2006 and 2,770 in fiscal year 2007. If total resident FTE student enrollment in the community colleges is greater than the estimated number for the biennium, the community colleges shall serve the additional students without a state general fund contribution. If actual resident FTE student enrollment is less than the estimated numbers for the biennium, the commissioner of higher education shall revert general fund money to the state in accordance with 17-7-142.

Total Summitnet costs are estimated to be \$25,000 each year for the community colleges. Summitnet costs charged to the community colleges for each year may not exceed \$8,000 each for Dawson and Miles community colleges and \$9,000 for Flathead Valley community college.

Total audit costs are estimated to be \$40,000 for the community colleges for the biennium. Audit costs charged to the community colleges for the biennium may not exceed \$12,500 each for Dawson and Miles community colleges and \$15,000 for Flathead Valley community college.

Community College Assistance Special Funding is appropriated as a block grant allocation, rather than following the standard three-factor funding formula, because the legislature has concerns about the cost of education factor. The legislature requests that the legislative finance committee make it a high priority to look at the community college funding formula and statutes and report to the 2007 legislature on recalibrating the cost of education factor and other funding issues.

This amount is in addition to that shown in OCHE -- Appropriation Distribution Transfers.

The appropriation for Equipment/Program Development -- 2-Year Degree Programs is a restricted, biennial, one-time-only appropriation that is to be distributed in two blocks as follows:
